

Hi there!

As a part of your benefits, you have access to Wellbeats *Wellness*, which offers thousands of on-demand fitness, nutrition and mindfulness classes. You can access Wellbeats via our web portal or mobile app.

We wanted to give you a heads up about some exciting updates to the Wellbeats app! We've been busy making it faster, smoother, and easier to use.

**Here's the scoop:**

**Speed Boost:** The app is totally rebuilt for lightning-fast performance. Say hello to faster load times, increased responsiveness, and seamless video streaming!

**Browsing Bliss:** We've revamped the way you browse categories, classes, and programs. Finding what you need is a breeze with our new look and feel.

**Curate your Wellbeats:** Creating custom playlists just got easier with several user experience (UX) enhancements.

**How you can access our updated app**

If you already have automatic app updates turned on, you're good to go! Need to update manually? No problem, [here's how](#).

*Note: You will be prompted to re-login to experience the app updates.*

**Get started by visiting the {{company}}} platform today.**

*Note: Your Wellbeats Wellness account has already been created. For any questions, please reach out to the Wellbeats support team at*
